Streamline the Ordering Process on Technology and ProAV Solutions

The CHARIOT Group

The CHARIOT Group's Online Marketplace is a game changer. Accessible and efficient, the Online Marketplace streamlines the ordering process to immediately serve state/local government, education and non-profit requirements. Knowledge and relationship are the cornerstone of The CHARIOT Group's business. We leverage both critical components. Industry experience and long-standing manufacturer relationships, carefully cultivated throughout the years, enable us to provide the products and services required to address today's demanding group communication and collaboration needs.

Reduce the Friction

Demand for procurement services is at an all-time high, while capacity to support these demands are stretched due to staffing limitations and disrupted work environments. The CHARIOT Group's Online Marketplace cooperative contract is designed to reduce the friction associated with the procurement process and allows you to service your organization's critical needs in a timely and cost-effective manner.
